

UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Dear Prof Bandyopadhyay, Bankura University

We are all deeply saddened and concerned about the current situation in India, caused by COVID-19. On behalf of all of us here at the University of Wollongong (UOW), I would like to extend my sincere thoughts to Bankura University and people across India who have been severely impacted by the virus.

The global community of Higher Education institutions offers tremendous support to each other in times of need and I offer Bankura University our full support in any way we can as this situation unfolds.

At UOW, our global impact is strengthened through our collaborative network of partners across the globe. We recognise that our partnership with Bankura University forms an integral part of our own success. We wish you and your colleagues the best of health in navigating through these challenging times and look forward to our continued mutual success in the future.

Please stay safe and keep well.

Best regards,

Professor Alex Frino
Deputy Vice-Chancellor (Global Strategy)
